

## **Strengthening Critical Infrastructure against Natural Hazards Project (SCINHP):**

### **Information on the Visit of the WB Mission to the Project Sites**

From April 25 to May 12, 2022, the World Bank Mission visited the Republic of Tajikistan for implementation support of the Strengthening Critical Infrastructure against Natural Hazards Project.

On the first day, the Mission members met with specialists of the State Institution Project Implementation Unit Access to Green and Rural Development Finance under the Ministry of Finance of the Republic of Tajikistan as part of the Strengthening Critical Infrastructure against Natural Hazards Project. During the meeting, the progress of the project was discussed.

### **Meeting with the specialists of the PIU under the Ministry of Finance of the Republic of Tajikistan**

As part of Component 1, members of the WB Mission have visited the building of the National Center for Crisis Management under construction in Dushanbe.

### **The Mission's visit to the Committee of Emergency Situations and Civil Defense of Tajikistan where the National Center for Crisis Management is being built**

Within the framework of component 2.1. World Bank Mission team have visited the project sites for the construction of bridges in GBAO. On site, the WB team ensured the reliability and quality of the restored bridges in the project areas firsthand. The construction of 17 bridges in the project areas of GBAO continues successfully.

The construction of bridge No. 15 (Darvaz region) and the innovative solutions adopted during the construction work on this bridge left a special impression. A unique bridge rehabilitation method was applied: gabion nets have been installed and other quality materials have been used by the Contractor.

**Bridge No. 14 and unique bridge**

**No. 15 in the Darvoz region**

**Bridge No. 7, Vanj district**

**Bridge No. 9, Rushansky district**

**WB team meeting with construction workers**

**Meeting at the Ministry of Transport of RT**

Within the framework of Component 2.2 members of the World Bank Mission have visited the Khatlon region, where coast protection structures are being restored.

**The World Bank team gets acquainted with the restoration works in the Kabadiyan region, the left bank of the Kafirnigan River**

Moreover, the Mission has discussed with representatives of the Ministry of Finance, the Ministry of Transport and the Committee of Emergency Situations and Civil Defense the main directions of the future WB project – Tajikistan Preparedness and Resilience to Disasters Project.
